DO keep your elbows tucked into your body at all times. Head DO tilt your head slightly. (Don't overdo it!) A slight head tilt gives you a demure look. GESTURES Gestures are a big part of body language. A basic rule of thumb is that women are more expressive with their gestures. They tend to use their hands a lot when they talk.

What is Body Language? Body language is the unspoken or non-verbal mode of communication ... we convey to other people are transmitted through body language and the actual verbal communication accounts for the other 45% - 38% in tone of ... the most used yet most misunderstood secret language in the world.

### **Body Language Magic - Law of Attraction Haven**

This book isolates and examines each component of body language and gesture, though few gestures are made in isolation from others; I have at the same time tried to avoid oversimplifying. Non-verbal communication is, however, a complex process involving people, words, tone of voice and body movements.

It's more in depth than some of the other books in the same genre, but it says basically the same thing. If you want to read about understanding body language and this is this site is the only resource you're able or willing to use - I suggest you skip the others and read this one. It's a decent start.
