Italy is a land of hills and mountains. The Apennine range runs along its length like a spine, separating the eastern and western coastal plains, while the arc of the Alps shields it on the north. Many of Italyâ€™s rivers are navigable, and passes through the Apennines and through the snowcapped Alps allowed merchants and armies to travel overland.

court, compiled the catalog, though his father probably founded the bookstore. Its latest entry dates to ca. 990, al-Nadimâ€™s death date. Superbly educated, al-Nadim wrote such well-informed comments on books and authors that his catalog pre-sents a detailed survey of the intellectual world of Baghdad.
