Weaving is a textile production method which involves interlacing a set of longer threads (called the warp) with a set of crossing threads (called the weft). This is done on a frame or machine known as a loom, of which there are a number of types. Some weaving is still done by hand, but the vast majority is mechanized. Knitting, looping, and crocheting involve interlacing loops of yarn, which ...

I was recommended Mixam by a friend who prints a LOT of zines and couldn't be more satisfied with the service and the quality. The live chat feature was super helpful while I was struggling to upload my pages - the price is the lowest of any company I requested a quote from - there's a great range of paper stocks and finishes - and it delivered fast and easily.
