Translation is not just a literal recasting of a work from one language to another, but is also an adaptation of one culture's values and biases into another. [18] Moreover, translation seems to be the only possible way to "unite" all cultures in order to create cultural network, cultural globalization.

Language, Translation, and Culture - IPEDR

I. INTRODUCTION. Translation, as it is generally acknowledged, is the transfer of meaning from the source language (SL) text to the target language (TL) text, (Ajunwa (1990), Steiner, (1978). The terms translation and interpretation are often confused by laypersons (Selescovitch, 1976).

Interdisciplinarity in Language, Linguistics and Translation

Translation scholars still tend to think that all linguistics is structuralist and systemic, which is far from the case. At the same time, some linguists tend to think that all translation is a literal rendition of a text in a foreign language, which is also far from the case.
