Space Information Space is big, dark and cold. There is no air or water in space. Astronauts explore space in specially designed spacecraft called spaceships. Robots are also used to explore space. The only place in space that people have been to is the moon. Some people think that there may be life on other planets. Planets are in outer space.

The Gowanus Canal begins at Butler Street in the neighborhood of Boerum Hill, in the northwestern part of Brooklyn. The wastewater pumping station at 201-234 Butler Street, a terracotta structure dating to 1911, is located north of the canal's head. The canal then runs in a south-southwest alignment parallel to the local street grid. Its course is located mid-block between Bond Street ...
