When They Say/ You Say Questions and Answers 1. It's not a baby/person. When a woman is pregnant, science tells us that the new life she carries is a completely separate and fully new human being from the moment of fertilization. By the time most abortions can be performed, the baby already has a beating heart and identifiable brain waves.

They Say/I Say Templates Why Templates? Academic writing requires presenting your sources and your ideas effectively to readers. According to Graff and Birkenstein, the first element in the process involves

entering a conversation about ideas between you the writer and your sources to reflect your critical thinking (ix).
