Abiogenesis, or informally the origin of life, is the natural process by which life has arisen from non-living matter, such as simple organic compounds. While the details of this process are still unknown, the prevailing scientific hypothesis is that the transition from non-living to living entities was not a single event, but a gradual process of increasing complexity that involved molecular ...

Up to the end of the Republic, Romans accepted only one official apotheosis: the god Quirinus, whatever his original meaning, having been identified with Romulus. Subsequently, apotheosis in ancient Rome was a process whereby a deceased ruler was recognized as having been divine by his successor, usually also by a decree of the Senate and popular consent.
